Mr. Robert F. LaVanture  
*Principal*

As you approach the end of your senior year, your thoughts are probably vacillating from an eagerness to explore the future to a reluctance to leave what has become so familiar. We feel justly proud of what you have done here and what you have left behind for others to develop and model themselves after. These years have been enjoyable ones for you but they have also been a basis and preparation for what is to come. For these future tasks we are confident you are ready. Our best wishes go with all of you.

To the Class of 1969:

It is undoubtedly with mixed emotions that you approach the close of your high school career. Some of you have been in many high school activities, some in only a few, but regardless of the number and type of extra-class activities, you have all engaged in the important business of learning.

Your preparation will now stand you in good stead as you enter the next phase of your life. Most of you will go on to achieve success in the formal atmosphere of the college or university. Some will go directly into other fields of endeavor for which you have been well prepared in Jonathan Dayton.

Whatever your immediate plans for the future, we wish you well and are sure that you will make your school proud of your accomplishments.

*Sunset and evening star,  
And one clear call for me!  
And may there be no moaning of the bar,  
When I put out to sea.  
But such a tide as moving seems asleep,  
Too full for sound and foam  
When that which drew from out the boundless deep  
Turns again home.  
Twilight and evening bell,  
And after that the dark!  
And may there be no sadness of farewell,  
When I embark;  
For tho' from out our bourne of time and place  
The flood may bear me far,  
I hope to see my Pilot face to face  
When I have crost the bar.*
